About Me

With over 7 years in finance, specializing in accounts receivable and audit consulting, I offer strong analytical and bilingual communication skills. Driven by a passion for tech, I transitioned into software development, gaining proficiency in HTML, CSS, JavaScript, React, Node.js, and Git. I am now seeking to apply my expertise in a full-time developer role.

Skills

❖ HTML	❖ Git GitHub Git Bash	❖ Problem Solving
❖ CSS	❖ jQuery	❖ Attention to Detail
❖ Bootstrap	❖ Express JS	❖ Analytical Thinking
❖ JavaScript	❖ EJS	❖ Client-Focused
❖ React	❖ Waterfall	❖ Time Management
❖ Node JS	❖ Agile - Scrum	❖ Communication Skills

Work Experience

Audit Consultant | Apex Analytix | Nov 2022 – Current

- Conducted detailed audits using client data to identify revenue recovery opportunities.
- Supported audit and claims operations by reviewing contracts and maintaining a well-organized claims management system.
- Worked closely with clients to resolve complex claims and discrepancies.

Accounts Receivable | Flint Group | 2020 – 2022

- Managed ledgers for European French-speaking countries and North American markets, ensuring timely payment processing and compliance.
- Resolved accounts receivable issues efficiently, maintaining a high level of accuracy in credit assessments.
- Assisted in optimizing customer payment processes, reducing outstanding balances and improving cash flow.

Accounts Receivable | NCH | 2017 – 2020

- Oversaw accounts for French and English-speaking markets, delivering excellent customer service and ensuring accurate account reconciliations.
- Coordinated payment processing and credit evaluations, significantly reducing payment delays and enhancing customer relationships.
- Implemented strategies to resolve accounts receivable discrepancies effectively, contributing to improved financial accuracy and reporting.

Education

Bachelor of Business Management (Finance)

University of Wolverhampton | 2012 – 2016

A-Level: Math (A), Biology (B), Physics (C)

Douala, Cameroon
